DELIVERY LIABILITY RELEASE

The driver of this truck, an employee of Mainely Trusses, Inc., has determined that delivery of products to the specific location requested by the contractor/property owner (hereinafter Customer) creates a situation where there is significant risk that the delivery vehicle will get stuck or that the property, adjacent properties, and or product being delivered may be damaged. Customer hereby acknowledges having been advised of this risk by the driver, but still wishes to have the products placed at the location identified by the Customer. Accordingly, Customer hereby agrees that:

1. Customer will be responsible for a reasonable towing bill that is incurred by virtue of the delivery being made to the requested location. Customer understands that Mainely Trusses will take responsibility for calling a towing company to make arrangements for the towing of the vehicle. Customer shall be responsible for all reasonable towing costs. Customer will also be responsible for any court fee or legal costs incurred by Mainely Trusses if Mainely Trusses is forced to resort to legal efforts to recover the cost of towing charges from the Customer.

2. In the event that any damage is caused to the property, adjacent properties, and or product being delivered by virtue of the delivery vehicle delivering products to the requested location, Customer agrees to be responsible for the damage. Customer agrees to indemnify Mainely Trusses for any damage caused to the property and for any costs incurred by Mainely Trusses in dealing with claims for property damage, including any legal fees or court costs incurred by Mainely Trusses.

This Agreement is executed by Customer as an inducement to Mainely Trusses to deliver the items to the requested location. It is the intent of this Agreement that the Customer will be responsible for any towing costs incurred by Mainely Trusses or for any property or product damage caused by the delivery of the product to the requested location. It is our wish to execute this delivery according to your needs but in order to do so the driver is presenting you this release for your signature.
